

## Plot outline:

1. Players start in the action, driving to rob a Chinese convoy of a Hongqi CA72 limo and 2 Crown Vics coming south from San Diego
  - They are on interstate 5, at night
  - Told to rob 4 (or number of players) briefcases from passengers of limo. Told to be around \$40k total. In the briefcases are 4 jade statues: Dragon, Tiger, Monkey, Ox
2. Open next scene 2 days later at the top of a 4 story parking garage, north west in hillside neighborhood of Los Feliz near Griffith Park
  - Meeting contact/fence who setup the job: Joseph Grass (think of Cassidy from Preacher)
  - He seems agitated, accepts the statues, shows bank transfer to each player on his phone
  - As he leaves players hear a screech of tires outside, Joseph gets shot by Chinese gang and they make off with statues
  - Phone alert beeps, bank transfer has been reversed (from gang stealing Joseph's phone)
  - Chinese gang is led by **Li Fang**, a deadly female driver. Second in command is **Gong Chin**, an overweight male. Optional gang name **The Thunder Cobras**
  - Figure out gang house is on the second floor of a Chinese restaurant: Good Fortune Surprise
  - Restaurant is by an alley that weaves through an abandoned park. Front and side entrance, also a hidden back entrance. Floor to ceiling glass on the main floor. Maybe a koi pond with a big table in the middle is where Gong Chin is sitting. Could have a big dog in the back gambling room that surprises the players, or Gong Chin retreats there. Could have a kitchen with the usual cook-with-knife attacking players.
3. Raid and brief fight, Gong Chin escapes with 2 of the statues, day time chase scene ensues
  - If running out of time just have Li Fang with all 4 statues and end the game here
  - Otherwise stop Gong Chin, he gives up info on Li Fang and other two statues, which are trophies at the annual Storm Race 2018
4. Prep for race, then have it through drainage canals
  - Eventually police show up, race fragments off through Bel Air, ends in a big climax
  - Players should end up escaping police, catching Li Fang, and getting all the statues
